INTRODUCTION

- A one-day immersive cyber mystery event that places participants in a multiverse investigation involving murder, cyber espionage, intelligence leaks, and hidden agendas.
- A classified internal security incident has prompted an immediate integrity review within the Incognito Board.
- The Board of Incognito Investigations has summoned elite digital investigators from across universes to solve the case.
- Not all variants are aligned—some seek the truth, others protect the mastermind, and a few manipulate both sides.
- The line between reality and deception blurs as participants navigate puzzles, digital forensics, and live interrogations to identify the real culprit before the multiverse collapses.

DETAILS

- **Team Size:**
  - Min: 1
  - Max: 3

- **Round 1: The Digital Hunt**
  - Duration: 2 hours
  - Objective: Solve technical puzzles, gather classified intel.

- **Round 2: Interrogation Chamber**
  - Duration: 2 hours
  - Objective: Identify the real culprit and justify your reasoning using evidence gathered.

EVALUATION

- Participant teams will be evaluated across both rounds.

- **Round 1:**
  - Number of puzzles solved
  - Accuracy of suspect shortlisting
  - Time-based performance: Faster correct submissions yield higher effective scores.

- **Round 2:**
  - Correct identification of the culprit.
  - Support conclusions with solid technical evidence, logical reasoning, and interrogation findings.
  - Ensure the verdict aligns with final disclosures and validated confessions.

- Final rankings will be determined by cumulative performance across both slots.

RULES

- **General Rules**
  - ChatGPT or AI assistance is strictly prohibited.
  - Collaboration between teams is strictly prohibited.

- **Disqualification Criteria**
  - Misconduct or violation of event decorum.
  - Tampering with university property or event puzzle.
  - External assistance or team-to-team collaboration.
  - Any disruptive behavior as determined by the organizers.
  - Sabotaging other participants' work outside defined module parameters.

- The organizing teams reserves the right to adapt rules in response to unforeseen circumstances.
